

## Woman's Clubs

### Ladies' Literary Club.

Friday's meeting of the Ladies' Literary club was one replete with interest, two topics filling the afternoon with related subjects. The first was a paper on "University Life and the Cecil Rhodes Bequest," by Mrs. A. H. S. Bird, and dealt largely with the character and career of the English capitalist. Mrs. Bird held the theory that all the efforts of the English-speaking peoples. It was for this purpose that he left the bequest, and in the form in which it reached us, the idea being the widening of the nations now dominant in civilization.

Rev. Mr. Fish, Jr., of the Unitarian church gave a most able and scholarly address on German and Swiss universities, making the subject more entertaining by many personal anecdotes. He compared the life of a student at the various universities, and spoke of the esprit de corps of the English and American college in comparison with the separate life of the various students of the continental universities. The University of Geneva, of which the speaker was at one time a student, was described in detail, and many of the most noted professors mentioned. The continental university offers more opportunities in the line of special research, and narrows the field of education, while the universities of England and of America afford more in the line of general instruction.

At the close of the talk a hearty vote of thanks was extended to the gentleman, and a number of ladies availed themselves of the opportunity to inquire into the various phases of student life abroad.

A letter was read from Mrs. Sarah Platt Decker of Denver thanking the club for its expressions of sympathy at the time of her recent bereavement.

### A Utah Aegis.

A most flattering offer has been made to the Utah Federation of Women's clubs, and comes as a special recognition of merit. The Aegis Publishing company of New York has offered to have charge of the publication of the book. The Aegis is a new publication in the club world, but it is certainly making an impression in the line of club literature. It is under the auspices of no one club, but the regular editorial staff consists of Mary J. MacNutt, Marie Cross Newhaus and Marion, Marion Greeley. The number for February contains some clever articles and fine illustrations. The book in its makeup is a work of art, and the Utah federation may well feel proud of having been offered the publication of it for one month. Two original stories—one by Mrs. Ritchie and one by Mrs. C. E. Richards—have already been secured, and Mrs. F. C. Kelsey has been invited to contribute a poem. The Utah number will contain a sketch of the club work in the state as well as a number of articles of local interest.

### Woman's Club.

The regular meeting of the Woman's club was held Tuesday at the home of Mrs. W. H. Jones of Third East street. Continuing the study of France, the paper of the afternoon was "The Reign of Louis XVI.," and the subject was handled in a very interesting manner by Mrs. H. S. Stowe. The effect of the American war of independence on the political affairs of France was noted, and the policy of France in foreign matters com-

mented. At the close of the literary part of the programme tea was served and a pleasant hour spent socially. The next meeting will be with Mrs. Jones, and Mrs. Gattrell will give a paper on "The Trial and Execution of Louis XVI."

### The Cleofan.

The Cleofan met last Monday afternoon at the home of Mrs. Susie Riter Wells and listened to a finely prepared paper by the hostess on "French Sculpture of the Nineteenth Century." The writer discussed the relative merits of the academic school and the modern school of free or original sculpture, and showed some excellent samples of the work of both. At the next meeting, which will be at the same place next Tuesday, Mrs. Wells will continue the subject, devoting the topic more especially to Dalou and August Rodin. Some important business is to be transacted and a full attendance is desired.

### Club Notes.

The current events and current literature section of the Ladies' Literary club will meet next Friday at 2 o'clock. Mrs. Sowles will give a brief sketch of the life of Thomas Brackets Reed, and Mrs. Merrill will give a study of Henry Van Dyke and his last book of short stories, "The Blue Flower."

Mrs. C. E. Allen and Mrs. Lee Charles Miller will entertain the Daughters of the American Revolution at the home of Mrs. Miller, 943 East First South street, next Saturday evening. By an error in printing the invitations read the 23d, but the guests will please note the correction.

The February meeting of the Poets' Round Table will be held on the 23rd of the month with J. D. Spencer. The poet for the day is Thomas Bailey Aldrich, and Mrs. Allen T. Sanford will be the chairman.

The meeting of the tourists' section of the Ladies' Literary club, which was to have been held this week, has been postponed till a week from the coming Tuesday.

The Shakespeare section of the Ladies' Literary club will meet Wednesday morning at 10 o'clock at the club house, and will continue the reading of "Richard III."

The parliamentary class has changed the day of meeting from Monday to Thursday, and will hereafter meet on the second and fourth Thursdays in each month.

The Daughters of the Revolution will meet tomorrow with Mrs. Maria V. Douglall at her home on West Temple street.

The German section of the Ladies' Literary club will meet Thursday morning at 10:30 o'clock at the club house.

The College club will meet next Thursday evening with Miss Cora Clarke, 1212 South Sixth East street.

Utah Sorosis met at the home of Mrs. Speckart Wednesday, Feb. 11. All spent a most enjoyable afternoon in Paris, being taken to "Paris the Beautiful," by Miss Reynolds. Mrs. Speckart gave a very pleasant description of the Public Buildings in France.

Mrs. Osborn read a very interesting paper from the reciprocity bureau on "Eugene Grandet and Balzac's Art," written by Mrs. Adneys of Ogden, Utah.

In one week the club will again meet with Mrs. Speckart.

### Ogden Clubs.

Mrs. J. G. Paine was hostess to the Aglaia and a few friends on Tuesday afternoon. Mrs. Beasley of Salt Lake was the out of town guest.

After the usual business session, the programme for the day was taken up. A magazine article, "Instances of Bravery in the Philippines," was ably read by Mrs. Bent.

Mrs. Adney of Salt Lake was unable to be present, but sent a most interesting and exhaustive paper on "Wilhelm Meister," which was read by Mrs. Hurst.

During the social hour dainty refreshments were served and a delightful time was spent.

On Feb. 24 the club will meet with Mrs. G. W. Carr.

A very interesting meeting of the Child Culture club was held at the home of Mrs. C. A. Smurthwaite Friday, Feb. 6. The following excellent papers were read: "Who Does the Child Belong To?" Mrs. Heller; "Mothers' Best Hour," Miss Whalen; "Washington's Birthplace," Mrs. Cook. The papers were freely discussed by members and visitors. After the programme Mrs. Carlton gave a most instructive talk on "Child Nature."

The hostess served delicious refreshments, after which the club adjourned to meet in two weeks with Mrs. Heller. The guests of the afternoon were Mesdames Carlton, Hillard, Thorburn, Reeve and Grant.

### BOOKS FOR THE LIBRARY.

The following thirty-six volumes will be added to the public library Monday morning, Feb. 16, 1903:

Miscellaneous.  
Ashton—"Romances of Chivalry."  
Boswell—"Handbook of Universal Literature."  
Bourne—"Famous London Merchants."  
Brookfield—"Random Reminiscences."  
Cressy—"Memoirs of Eminent Etonians."  
Doty—"Prompt Aid to the Injured."  
Farnsworth—"The House We Live In."  
Farrell—"The Settlement After the War in South Africa."  
Gannett—"The House Beautiful."  
Griggs—"A Book of Meditations."  
The Humane League.  
Kroeger—"Guide to the Study and Use of Reference Books."  
Livy—"The Story of the Trapper."  
McCabe—"Saint Augustine."  
McLean—"Highlanders in America."  
McNeill—"The Religious English."  
Mead—"Irrigation Institutions."  
Mead—"Among the Arabs."  
Our National Cathedral: Their History and Architecture (3 vols.).  
Pettigrew—"The Art of Speaking."  
Petlock & Matland—"History of English Law."  
Pontbaurd—"A French Volunteer of the War of Independence."  
Roe—"Medieval India."  
Proctor—"Classified Gems of Thought."  
Robins—"Romances of Early America."  
Shaler—"Outlines of the Earth's History."  
Sillway—"Some Common Birds."  
Smythe—"Ten Months in the Fiji Islands."  
Waddington—"The Sonnets of Europe."  
Weiss—"The Obelisk and Free Masonry, According to the Discoveries of Belzoni and Commander Goring."  
Wood—"Dictionary of Quotations," reference.  
Wyeth—"Life of General Nathan Bedford Forrest."

### NO GREASE OR DANGEROUS DRUGS

In "Herpicide," the New Scientific and Successful Dandruff Treatment.

Have you dandruff? Then you have a contagious parasite disease, unpleasant and unhealthy, and one that will eventually lead to baldness. To cure it you must destroy the parasite that eats at the root of the hair. The only preparation for destroying these germs is Herpicide. Charles Klein of Baranville, Wyo., says: "Herpicide stayed the itching, cured the dandruff and stopped my hair's falling out; and it is bringing a new crop of hair." Herpicide is free from grease or dangerous drugs, and makes hair glossy and soft as silk. One bottle will convince you of its merits. Sold by leading druggists. Send 10¢ for stamps for sample to the Herpicide Co., Detroit, Mich.

Attorney F. J. Gustin has secured temporary quarters in room 215 D. F. Walker building.

## National Guard

Colonel H. M. H. Lund will leave for Manila tomorrow where he will inspect company F at that place. This organization has the reputation of being one of the best in the guard and will undoubtedly pass a very good inspection. On the return trip Colonel Lund will also visit company A at Nephi and report on the present condition of that organization also.

The battery will entertain its friends at a military hop tomorrow evening at the armory. The members of "A" promise their friends the best time of the season at this affair.

East side cadets are evidently drumming things up around their institution. Four snare drums were drawn from the state supplies last week, and so large are the drums and so small the drummers that it will probably require two men to handle one drum.

Battery A held a well-attended drill last week. The entire time was devoted to the school of the company, and some carbine calisthenics interspersed.

Company F, Manti, last week elected Sergeant Jorgensen of that organization as second lieutenant. Lieutenant Jorgensen is accepting the position, and takes a place vacated by his brother.

The High School Cadet corps will give a dance at the armory next Friday evening. For the past two weeks the students have been preparing for the event.

A letter was received during the past week from Captain George Summers, late of troop A. Captain Summers is now at his old home in Georgia, and states that immediately upon arriving there he was tendered the captaincy of the company he commanded before coming to Utah.

The First Regiment band is planning concerts to be given at Ogden, Logan and Park City in accepting the position.

Private "Bob" Canyon of company H has been granted a two months' furlough on account of leaving the state. The hospital corps held no drill last Thursday evening, but after the signal corps had completed its usual "week out" endeavor to show the members of the latter organization how to play the game of indoor baseball.

Two members of company H were on the carpet last week for non-attendance at drill, the fines assessed being \$10 and \$5. It is rumored that a member of the signal corps will also have a chance to indirectly become acquainted with the summary court officer ere "summer comes again."

A consignment of quartermaster goods was received at the armory last Friday from the commanding officer of company E at Bountiful. The shipment is in an unserviceable condition and will be examined by the present board of survey, which will probably recommend that they be examined by an inspector for condemnation.

During the present year nearly \$1,000,000 is to be expended on Fort Riley, Kansas. Field maneuvers will be held there annually and it will be necessary to enlarge the place so that thousands of regulars and guardsmen may be accommodated.

On account of illness, Colonel Park was confined to his home during the past week.

One of the best dances of the year is promised by the First Regiment band next Tuesday evening at Christensen's hall. The full band will provide the music, which will be of a military nature. This is the second dance of a series being given by the organization, the first being a decided success.

Lieutenant Ted Caine, troop A, the latest addition to the guard's commissioned force, received his letter of appointment last week.

The new recruits for the national guard will, from present appearances,

be out in a very short time. The matter has been in the hands of the printers for a number of weeks, and all that is now required is the indexing. As soon as these regulations are issued a number of the guard's new officers will be summoned before the examining board, and these "available" are already devoting much of their time to military text-books.

Company F will hold a competitive drill at Manila tomorrow evening for a medal, to be presented by the officers of the organization.

### BRANCH NORMAL NOTES.

The class in mineralogy expect to begin work soon, under the instruction of Mr. Decker.

Mr. Porter talked this week in chapel. His subject was, "How a Boy Should Treat His Sister."

The subject before the Ladies' society last Tuesday night was, "Woman's Share in Primitive Culture." On Thursday evening Miss Eastwood, Miss Spencer and Mrs. Driggs gave a valentine party to the normal teachers and some of their other friends. The merrymaking was carried out in an informal way, a delicious lunch being served, and various games were played. The decorations were dainty—all suggestive of St. Valentine.

The election of the new city officers is over. The "Liberal" party elected the three principal officers as follows: Mayor, Jacob Workman; attorney, J. G. Pace; recorder, Miss Abish Jones. The officers were sworn in by Principal Porter last Monday morning in chapel. The mayor-elect gave a very promising talk.

A number of officers were elected in our last Students' society meeting. The students of chemistry and physics are having a general review and examination this week.

Are You Restless at Night? And harassed by a bad cough? Use Ballard's Horehound Syrup; it will cure you sound sleep and effect a prompt and radical cure. 25c, 50c and \$1.00 bottle at Z. C. M. I. drug department.

### Notice to Contractors.

OFFICE OF THE BOARD OF PUBLIC WORKS, Salt Lake City, Feb. 6, 1903. Sealed proposals will be received at this office until 2 o'clock p. m., Friday, Feb. 13, 1903, for the work of constructing brick conduit in the Jordan and Salt Lake City canal.

Instructions to bidders, together with specifications and forms of contract and bond, can be obtained upon application at the office of the Board of Public Works or City Engineer.

The right is reserved to reject any and all bids.

By order of the Board of Public Works, SPENCER CLAWSON, Chairman. LOUIS C. KELSEY, City Engineer.
